

Maths

This term in Maths we will be looking at:

- Rounding numbers and place value
- Addition and subtraction methods
- Multiplication and division methods
- Area and properties of 3D shapes

My Maths number target is:

To be able to instantly recall my timetables.

English

Stories with historical settings - to begin this term we will be exploring stories with a historical setting. Children will explore different traditions and compare them to now.

Persuasive texts - during this topic, children will look at the key features of persuasion and write their own persuasive text.

Stories with dilemmas - finally, children will look at stories with dilemmas and use drama to explore them further.

My English target is:

to use exciting vocabulary to interest the reader.

Reminders!

PE kits - please bring your PE kit ready for PE on Monday mornings!

Reading - please read as often as possible with your child at home. We encourage a variety of texts throughout the week.

Homework - one piece will be given out every Friday to be returned for the following Wednesday.

Knowleswood Primary School

Autumn Term

Chocolate around the World

Year 4

Miss Mullins

Miss Coy

Welcome to Year 4!

Welcome to the autumn term at Knowleswood! The children have all returned to school looking smart and ready to learn.

Topic Work- Chocolate around the World

History - children will be focussing on the Mayan civilization.

Geography - children will look at human Geography with a focus on Mexico. Children will also learn to name and locate geographical regions and identifying human and physical characteristics.

ICT - children will use software to develop a simple game and design an interactive toy.

Art - recreate Mayan art linked to pattern and printing.

DT - design, make and evaluate a chocolate bar.

PSHCE

New beginnings - children will settle into Year 4 by exploring their new surroundings and discussing changes and how they feel about them.

Our diverse world - children will learn about and celebrate our diverse society.

PE

To start the year, we will be doing gymnastics, then moving onto golf skills.

Science - Sound

Children will be discovering different sounds, identifying how they are made and associating it with vibrations.
