

Maths

In Maths we will be learning:

- Addition facts, adding together by counting on and finding part of a whole.
- Subtraction facts, taking away by counting backwards and finding a part.
- Counting in 2's, 5's and 10's
- Fact families and number bonds within 10

[p](#)

For up to date, weekly Maths learning resources please see the White Rose Maths website [here](#).

English

In English, we will be reading both non-fiction and fiction texts and discussing their key features.

We will then learn how to write our own recipes using instructions and will learn how to write our own acrostic poems. We will also use and create story maps to help us retell different stories with familiar settings. We will end the half term by using the 'The Jolly Postman' story to help us learn how to write letters.

Celebrations!

Year 1 - Autumn 2

Mrs Barratt and Miss Dunn

Home Learning

On the school website under 'Home Learning' you will find further links and resources to support your child each week should they be off school.

Class emails

Elm - elmhomelearnng@knowleswood.co.uk

Holly - hollyhomelearning@knowleswood.co.uk

If you have queries about any aspect of your child's classwork you can email the class teacher. Please do not use this address for general or urgent enquiries.

Key Dates

Back to school – Monday 2nd

November 2020

Break up– Friday 18th

December 2020

Day of the Week

Wednesday

Important things to remember

Year 1 PE

The Wider Curriculum

Science: This half term we will be looking at sources of light and understanding what light and dark means. We will learn to recognise how shadows are made and we will then make our own shadow puppets for our puppet show.

Click here:

<https://www.bbc.co.uk/bitesize/topics/z3hhvcw/articles/zp23r82>

Geography: This unit focuses on the immediate locality of where we live. The children will develop locational knowledge based on the view from the school and local walks. They will learn vocabulary to define where they live, which will be deepened through fieldwork experiences and using maps.

Click here: <https://www.bbc.co.uk/bitesize/articles/zn4hpg8>

DT: The children will design and make 3D models linked to our local area. The children will get an opportunity to design, make and evaluate their work using everyday materials.

Click here: <https://www.bbc.co.uk/bitesize/clips/zsm8q6f>

Computing: This half term we will be recapping algorithms and using our knowledge of algorithms to write our own recipes. We will then use the Ipads to create our own recipe videos.
