Dear Parents/Carers

To celebrate our pupils' achievements at the end of Health and Wellbeing week, we are going to hold a school picnic on Friday 2<sup>nd</sup> July.

Your child will eat on the field with their year group and the adults who work with them. If your child usually pays for a meal produced by school please be aware that hot meals will not be available on the day. All food will be picnic style and will include a sandwich, vegetable sticks, fruit, a drink and a dessert item. If your child usually brings in a packed lunch from home, they will take that onto the field to eat with their class.

We will be asking children for their choice of sandwich filling this week so that the kitchen can order the right amount of food.

We hope it will be a great event for the children to celebrate with their friends, hopefully in some sunshine!

Thank you for your support!

Andrew Cheeseman  
Business Manager
