

THE BENEFITS OF READING BOOKS

The Power of Reading

There can be few things as powerful as reading regularly with a young child. Research shows that children's reading skills are important to their success in school, work, and life.

Reading with your child has astonishing benefits: from providing comfort and reassurance, confidence and security to relaxation, happiness and fun!

Reading together builds self-esteem, extends vocabulary and feeds children's imaginations.

Your support with your child's reading journey is most appreciated as always.

Home/School Reading Books

Please encourage your child to bring their books and reading record to school each day so that they can be changed regularly.

Our Recommended Reads

Early Years and KS1: Pick a Pine Tree by Patricia Toht

This is a magical, rhyming Christmas tale for younger children. The story celebrates all the familiar rituals of decorating the tree at Christmas—from digging out jam-packed boxes of trimmings, stringing tinsel, to at last, turning on those twinkly fairy lights! Beautiful, warm illustrations bring this special, festive tale to life.

KS2: The Snowman by Micheal Morpurgo & Robert Shaw

This new adaptation of Raymond Briggs' classic retells the cherished story of a boy called James and his magical adventure with a snowman. One night, something amazing happens and the snowman comes alive! Together, James and the snowman embark on an enchanting adventure where they meet someone very special!
